9. Github Link

PROBLEM STATEMENT

Student facing many challenges to display their skills in traditional way digital portfolio solves this problem by providing an organized online space where students can display their academic work, technical skills , certificate, project and personal details and it is visually appealing

PROJECT OVERVIEW

This is a student digital portfolio where students can maintain and present their academic details, certificate, skills, it is designed to be simple, responsive and accessible

WHO ARE THE END USERS?

- Student – As a tool for self reflection, skill development and tracking progress
- Employers/ Recruiters – To assess the student qualification, projects and achievements during job application
- Academic institution- To monitor student progress and highlight achievements during placement and accreditation

TOOLS AND TECHNIQUES

1. Html for structure
2. CSS for styling
3. Javascript for
interactivity

POTFOLIO DESIGN AND LAYOUT

- About me – My personal values
- Certificate
- Skills – java , C, C++

FEATURES AND FUNCTIONALITY

- Responsive design (works on mobile and desktop)
- Organized section for about me, skills , certificate and contact form
- Easy navigation with a menu bar

RESULTS AND SCREENSHOTS

<https://github.com/vidhyabharathi3019/Vidhyabharathi-TNSDC-FWWD-DP.git>

CONCLUSION

My digital portfolio showcases my academic journey, skills, and projects, demonstrating my growth and potential. It serves as a dynamic representation of my accomplishments and aspirations, ready to be shared with educators, employers, and peers.
